Respected \_\_\_\_\_ (Authority Reference),

I, \_\_\_\_\_ (your name), mother/father of a 13 years old son/daughter, \_\_\_\_\_ (child's name), want to bring my child custody case to your knowledge. I and my ex-husband/wife, \_\_\_\_\_ (name of the ex-partner), got married back in \_\_\_\_\_ (sun of marriage). We started our lives together as any other happy couple, and more to our blessings,

\_\_\_\_\_ (child's name) came into our lives in \_\_\_\_\_ (child's year of birth). We were really happy with how things were working out between us as a family, but as time passed, my relationship with my husband/wife started getting toxic; however, for the sake of our child, we decided to try our best to save our marriage. It was until \_\_\_\_\_ (the year of separation) that we realized the need to separate our ways for either of our betterment.

The main reason behind the toxicity was his/her absence in the life of \_\_\_\_\_ (child's name) as a responsible father/mother. He/She failed to keep his/her promises. He/She was never there to cherish the first steps of our child, neither he/she was there when our child made it to the baseball team.

\_\_\_\_\_ (child's name) realized it too, and as a result, he/she got closer to me. Now that it is the matter of our child's custody, I urge you to take a deep look into the matter as well as ask \_\_\_\_\_ (child's name) about his/her willingness regarding being with either of us.

Taking a look at the previous official records of \_\_\_\_\_ (ex-partner's name), it is also seen that he/she has been into drugs and abuse. I don't think that my child will be safe with a person like him/her. Whereas, my character certificate can testify my life as a clean one, and one that's been up to society's norms. I hereby present my case to you as an eligible parent to take care of a child in every possible way including providing shelter, food, education, as well as a good lifestyle.

I hope that you will consider this letter. Thanking you in anticipation.

Yours Sincerely,

\_\_\_\_\_ (your name).
